Year: ~????
spontaneous discharge seems to be a voice keyword to pop accuses from equal aged girls against the boys. They are doing it in office jobs (project, papercl., see a17 card). So the old generation keeps the problems active by not sending them to the accused boys, because the boys would try to change their behavior since they would be attracted by equal aged girls. And maybe many of the accusations are wrong, but by not sending them the accused boy can not tell his part of the story ~(auditor et altera pars). So both the young boys and the young girls are victims of the older generation, as already said it would be very likely that eg. 1960s parents Cyber-Rape the 1980s girls and just use the 1980s boys as scapegoats. The Keyword then activates all accusations against a boy that is Whistleblower or whiehat hacher, while the 1960 say "I wash my hands in innocence": the keyword obfuscates by sexual integrity things, see image... isolating the accused from the group does not improve the situation...

Symbol Minded Spirit

If a person draw symbols its his psyche is maybe being scanned for vulnerabilities to later exploit them. The drawn on the lower left "i" created in **Mental institution (obfuscated by Movie "The Manchurian Candidate")** Königsfelden and shows my whole life since i was child. One symbol (for each scene i (or dataration) remembers. If you compare those with symbols of Christchurch & brevik amok, one would maybe see that mine is more analytical, where i try to find things out, and the others are more of one symbol for PR / news, in any case if such things happen **there is possibly third person / algorithm** that influences. In any cases remove the weapons, no matter if / she would later commit suicide or runs amok. Different technology Cards, 0-day. If You can rescue him/her 'game' is not over, the person that scans will just take the next victim!

I guess a lot of people knew that the twin towers will fall. In my opinion very likely that the people from CIA knew. If you look at m95 the "war on terror" would have obfuscated perfectly that the CIA began to undermine Switzerland since 1990 or even since 1968. This two **Rastal ARTWORK Collection glasses** i got from Werner Erismann @ ABB Flexible Automation AG, ZH Aulstetten in the year 2000. When he gave them to me as a gift he said something like: "This **Glasses will be precious in the near future**". With just a bit of imagination one could the two glasses that were in a nice blue cardboard as the twin-towers with the holes from the airplanes. When i Asked Urs Astrid Blum (there was a time when i trusted them) in 2002 what they think about my theory, They said "no, of course nobody knew about that the twin-towers will fall". What they said seemed to me like a very cheap lie. As soon as one begin to question the official version people begin to discredit or even attack.

Possibly only kids that are being isolated begin to watch excessive porn, so before you punish a young adult because he consumes porn analize first his childhood.

Reproduction (therefore sex) was vital for preservation of the species. This early Part of brain has influence to individuals. If your Neocortex doesn't know about Vulnerability, they can easily psy-backdoors you, for example seal overpriced cars by simply putting a half naked women on top of car (eg t1 card: "The woman ins inclusive") Limbic system, is responsible for processing emotions & instinctive behavior.
Sexual dispositif (Michel Foucault) Can drive people to do things they would normally not do. A healthy and consensual sexual life is maybe even good for the Endocrine System. The old people play such cards (and obfuscate with mos2) mainly to obfuscate technology cards, especially if we find prove that would bring the older to jail. **Webs like Youporn should only allow koshier (BDSM)-porn one**

To set people to free mode or maybe even remote control them, "dissociative identity disorder" "identity" would accuse the victim on the psychological layer. After they used it they start electronic psychological warfare to obfuscate that i've possibly just been dissociated. If you search the internet you will often find sources that say, that Dissociative Disorders come from PTSD and from being raped in early childhood, but this would be m54 card to obfuscate **Neuralkine Implants**, and to defend and hide the **"EVENTTRIGGER"** that implemented them. I used **"defend"** because it is not clear to me if these people are good or evil. **EVENTTRIGGER** Neurology implants: "cAPI Röslis" Disso Patienten würde mich unter Diso vergewaltigen* (victim blaming). -> Transitive (math) Concept: The death of the topmost would drive the whole group to commit suicide. Maybe intentionally to defend this such a Hitler? **One should not build such systems, this would be some sort of terrorism.**
