Every Morning when stand up there are new loop-recorder patterns and LRU-Card Patterns played in my appartement (with eg t1.9), they try to overlay what I say yesterday, my imperatives, my maxines; they would like to destroy my world view to feel less guilty? The PsyOP let the 1960s do sins and told them that ok, but we can show that they are not only killing autistic people, so they rewrite what I said the day before for not feeling that bad, unknown: they even pay for Antagonizing worldviews, I question myself, why they dont just leave us alone? unknown: warning to all the honest sheeps, they want to make you guilty too (girls mos2, boys rage and mos3), i mean the circumstance that they are using manipulative techniques would imply that they know they are wrong, maybe they just protect the kids they rape or want to make them rape younger too for not feeling to guilty, dogmenraum, illegal paedo snowball system, a sin you swallow for the rest of your live, freshmeat

Possibly only kids that are being isolated begin to watch excessive porn, so before you punish a young adult because he consumes porn analyze first his childhood.

Reproduction (therefore sex) was vital for preservation of the species. This early part of brain has influence to individuals. If your NeoCortex doesn't know about Vulnerability they can easily psy-backdoors you, for example self overpriced cars by simply putting a halfe naked woman on top of car leg 1L card: "The woman ins 'inclusive'" Limbic system, is responsible for processing emotions & instinctive behavior.

Sexualitatisdispositio (Michael Foucault) Can drive people to do things they would normally not do. A healthy and consensual sexual life is maybe even good for the Endocrine System. The old people play such cards (and obfuscate with m0s2) mainly to obfuscate technology cards, especially if we find prove that would bring the older to jail. **Websites like Youporn should only allow kosher (BDSM)-porn, one could implement that with initial scene where the slave agrees with what will happen and a scene after the act where she / he says that everything is ok.**

If a person draws symbols it's his psyche is maybe being scanned for vulnerabilities to later exploit them. The drawn on the lower left "in" created in Mental Institution (*obfuscation by Movie "The Manchurian Candidate"*) Königsfelden and shows my whole life since was child. One symbol for each scene i (or dataretention) remembers. If you compare those with symbols of Christchurch & brevki amok, one would maybe see that mine is more analytical where try to find things out, and the others are more of one symbol for PR / news. In any case if such things happen **there is possibly third person / algorithm** that influences. In any cases remove the weapons, no matter if he / she would later commit suicide or runs amok. Different technology Cards, 0-day. **If you can rescue him/her "game" is not over, the person that scans will just take the next victim!**

The image is a painting titled "m108" by HackersCardGames. It depicts several figures in a dark, surreal setting. In the foreground, a figure in a blue shirt is looking up at another figure who is partially obscured. The background is filled with other figures, some appearing to be floating or falling. The overall mood is somber and mysterious.

In the preamble of the Swiss Federal Constitution is written: In the name of God. We can therefore assume that for everything that went wrong, People produced an law article for, and over the years they also produced laws and regulations that benefits a single supplier or cartel for a specific application, (for example, Swiss fire protection regulations) And of course there are also good things in the law, for example having law that specifies how bridges should be built to prevent things like Ponte Morandi (English: Morandi Bridge). Unfortunately many people ignore the law that leads to many innocent deaths. When Justice System is illegitimate or is abused by the powerful, citizens loose faith in the law that leads to more problems. ↳ Whistleblowers
