The role of the judge is one of the most powerful in the system, in many movies shown as a fat "cute" Santa Claus. The role / chess piece would be perfect for a mastermind of a military dictatorship. If the judge and the jury is controlled by technology cards the accused would not get a fair process and nobody would even find out who decided to kill the accused, even if he is innocent. Weakness would be the a15 card. It would also be perfect for a foreign aggressor, secret service to subdue the whole system. In "To protect and infect part 2" (12:17) @inerror says "is not clear to me, that a Judge would understand anything I just said", but that's wrong; that one does not use a15 card implies, that he knows, that the accused is innocent.

Instruments of power tends to be abused. So we can blame the instruments for not getting into trouble with the people that abuse the instrument of power. Justice Systems, Police, Guns, Tanks, things against the sexual integrity of a person, knowledge about crime, BigData, Computer, Fisher, physical strength, martial arts... are all instruments of power. Like almost everybody i also am a power since everybody seemed to abuse it. Parents are also often a bad example where kids learn to abuse such instruments of power. I was mostly the guy that was victim of such abuse so it was rather easy for me to change the side: i began to confess all my sins, began to excuse and help those that were my victims. Spiritually i feel much better now. But unfortunately there are lots of older people that not yet begun to confess, and they make me a lot of trouble, see m44 card.

Like all archetypes think about the option that there are always good and bad people. (a14 card) so it could also have some angle archetypes that do bad things or that are being abused to do bad things. Look derived the archetype from a person from cloths, look or beauty leads often to wrong results, but if you talk to a person or if you really know a person it will be very hard for the CIA Neuralink Software to make you think that this specific Satan is a Saint. They are getting better with the touring completeness to hide a persons real character and motivation, but since they use generic code, one single mistake well expose the truth, so listen carefully, if they loose one archetype code you will find a lot of them and remember there are both sorts, good and bad (a14).

To call soldiers "Scapegoats" would be wrong. Everyone with a weapon has power. And power tends to be abused.
I don't want to put this image here, but since it seems to disappear on the internet and since it is of historical value to show what military often does to the smallest i put this in my repository.
if you watch the "Collateral Murder Video" and listen to the soldier you will find out, that also 50 Years later nothing changed except, those like Chelsea Manning who spoke out what is currently going wrong in the US Army.

Role/Archetype: 1990
Stan S. Stanman is the Role of the cheater that takes all the words of the stars in the "game", the one that gets tons of money for the work other people almost died for. He uses the knowledge of the "The Fool" (classic Tarot Card) self less to become rich. But in fact it is just an obfuscation-archetype that one would find if one would follow the trail of money.
