<https://0x8.ch/HackersCardgame6>

**RoleArchetype**

The Voodoo-Lady is the Role (maybe without even knowing it) that helps to obfuscate the technology-cards. Many people think magic works but don't believe in things like Stimoreceiver, Active Denial System, ...

This archetype does not only appear in Monkey Island™ but also in "Pirates of the Caribbean" or in the Series Books "The Man in the Morgue" SIE19, but Bones picks in his eyes and says: "If you picked someone in his eyes, voodoo isn't that spooky anymore."

**Inventor:** xxxxx

Since the Roswell-Incident, the CIA not just started to cover illegal Human Experiments with Alien Stories, they also actively hunt those, who could be able to leak details about the abusive system. In this case "Man in Black" or "Enemy of State" (just outdated technology stuff so they gave it to the world and the Faraday Cage is not really a Faraday Cage...) greetings to Will Smith, baw. the movies are cool for young boys except that detail.

**Point** No.1: No it is not sexism, the boy would be more stubborn  
**Point** No. 2: Don't buy Assembler Books when your 14 Years old, see dt2 card  
**Point** No. 3: Nor the girl would be on the dark side

Frequent double archetypet in US Movies; married couple, who live a life in luxury financed with robbery and murder, sometimes including drug abuse. Often described as an "idyllic" partnership. These archetypes seem to be protected by some NSA/CIA malware because they also use them as startegic chess figure / combination in an occupation area. (Abusing the "family" is the basic unit of our society ... from the human rights, shameless and the children of the couple suffer and have to pay the bill. Being protected by system as big as the CIA means, that they will become ignorant and part of the problem. Worst case they have masked as a judge and hangmen, worst worst case raping their kids after they judged them with a wrong accusation
