Mental Operating System would be a **almost coherent dogma room for lazy people**. Those who create those systems try to make less mistakes as possible, so that the members would have to much cognitive dissonances otherwise they would start to think by their own. But the creator adds backdoors and triggers to the dogma room, so he can control and trigger its members. There are antagonizing dogma rooms, eg. the Nazi Jewish Science. Mental Operating System, they would maybe be incompatible (m50) card. In my opinion the Jewish Science has less bugs, but people with low intelligence would have less ambiguity tolerance. To show the Nazis where they have bugs could help to improve the situation. But to disassemble and and uninstantiate a complete MOS takes a lot of effort. If you find a younger Nazi that is on the wrong way but has not yet killed him to put him into jail, then the only morally intact thing would be to help him / her that (she) does not makes to much stupid things, i guess Nazis are victims of parental abuse to install moss3 to use them as a Human-BOT.

## Illegal Drugs Mental Operating System

**Inventor:** **???**

It is likely that Mental Operating System Cards are Groups of people \*MAl\* \*FU\* that are all part of a group that seems to be driven to attack me. Relevant would be to find the person, that \*PIFSTERER; DJ\* makes the group attacking me. In case they begin to -CAP\* play \*FU\* multiple MOS cards at the same time. So I found out that, or at least I guess that all MOS cards have some sort of the same abstract upper class, with their rituals, secrets enemies... Eg. Illegal drugs, pedophilia and pedophilia obscures illegal drugs (to speak in the programming language java, there must be some sort of interface) it would also be likely that people that use illegal drugs are also prone to pedophilia and that are pedophile \*API URS Padonille\* people would also be prone to illegal drugs. \*E\* \*DU verdamme schels wiker\* For example XTC makes people lucky and love each other, so this people would maybe just be the lunch of those who consume cocaine that makes them feel more "superior". **Obfuscates the technology cards like Stimoceiver...**

## eternal life

**Inventor:** **XXXXX**

To promise **eternal life** would be a bad thing, better **do what you can do** aslong as you are alive, otherwise you would just be frustrated when life is about to end and you could not finish your lifetime Achievement.

## Admin = GOD?

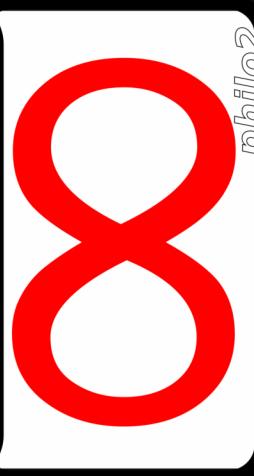

<https://0x8.ch/HackersCardgames5>

**Inventor:** **???**

The existence of a **omnipotent Administrator**, especially if the **Mainframe** controls the whole world would / will destroy all beliefs: **belief in God**, belief in faith, belief in Religion, belief in beeing of use for anything

## Paedo Mental Operating System

Important persons like politicians, scientists, parents... would maybe get an invitation to cyber-trap a young woman as they become somehow relevant. All those of them that bites in forbidden fruit can then be blackmailed with persons that would know. "Maybe" NSA / CIA datarretention systems play a role there. **The CIA would maybe integrate only people with a criminal record like eg. Pedophilia to keep them silent.** It is very likely that if one eaten this forbidden fruit things like Suicide Death Bot would work better on the offender but also the victim. For when the scream was only things like m22; m44 would happen, and the offender would get t1 or m46, m52 card orfusates technology cards t1, t10, t12, pedophilia is a trigger topic that deactivates critical thinking because Pedophilia is a strong image, often only virtual. Played to make people eg forget about things like Mainframe or Switzerland for example the Military Fiber Network where possibly the Active Denial Systems or the complete Country is controlled over (Backbone). It would be likely that the CIA promises always 88 Virgins (Seductive Coercion), but if he would fulfill the false promise the CIA would loose the influence. Der Weg war unsont, leider...

## forced marriage Operating System

**Inventor:** **???**

Some military people their power to force a woman into marriage. Weapons are not only Guns or Tanks, also having access to eg. Financial Systems, degree, psychiatric degree destroy the live or hunt down eg the brother of the women he wants to rape. In Switzerland panty industry did the drug experiments with Verdingkinder (Children without Parents) So far not public known is that they also tested things like Stimocover or Neuralink. Today all people in Switzerland seem to have such interaces. Therefore there must be a backbone, and we guess that this would be the Military Fiber Backbone. When I asked the Schulkommandant of Wartenaufzug Wangen: "What is the military fiber backbone" (I was not sure that there is one, social engineering) he said only "for marching orders only"... Some Militaries secretly let their soldiers force women into marriage if they do this in secret. technology the military can easily force them to defend this secret, otherwise women could prove that she was forced to marry the soldier, so they let the soldiers intentionally abuse it. If female patients would not get support from the justice system, they would try to destroy the military and the justice. Even by abusing their or other kids as Scapegoats and weapons and would kill 2 Kids. "The Tower"-, Forced red team?

## Simpsons Mental Operating System

<https://0x8.ch/HackersCardgames5>

**Inventor:** **???**

**My definition of a Mental Operating System would be a almost coherent dogma room for lazy people.** This card is maybe played with moss2, mos3 Card in random or specific order. Maybe ritual abuse, Rape, Pedophilia that unfortunately exists is just used by the people like modern Joseph mangle to obfuscate illegal Human Experiments. See Cards: eye, t So parents that abused eg their kids, are just another thing to trigger psyche of the victim for not finding out the truth about the implant things. The Rapist must not be the one that implanted the illegal things, maybe not even knowing. So **this card would be one way they hide illegal human experiments.** One could easy use this to find out if patient was subject to illegal experiments, consider Modus Tollens, Modus Ponens and a16 card.
